

Bigá foot

Electric cart to move easily in tight spaces, corridors, elevators. Push more than 100 kg on slopes of up to 15% and up to 250 kg continuously on the floor for four hours. Easy practical and handy with a butt cm 92 x 90 is ideal for transporting various materials: bottles, reams of paper, folders and everything you need in large offices such as registry office, law courts, archives. With partitions or baskets is of great convenience to carry tools for maintenance. In farms with confined spaces it solves the problem of feed and displacement of cages with small animals.

BIGA ' FOOT TECHNICAL DATA SHEET

Dimensions:

Total length mm 930 Width 650 mm Height 1070 mm
 Height from the ground mm 330

Weights:

Total batteries included kg 77.90
 Batteries 2 x 13 kg each

Gear motor:

Permanent magnet motor with electric brake 200 W – rpm
 120 – 24 V electric brake 24VDC 2Nm.

Voltage and batteries:

N. 2 12 v 32 A batteries in C5 hermetic gel – series
 connection, maintenance free. External charger 24 V – 8
 ampere – electronic with microprocessor –
 Power supply 220V

Brakes:

Engine block electric brake, insertion in the absence of power.
 Accelerator release braking (engine brake) powered in the calibration of the parameters of the control-unit.

Speed and Capacity:

(performance with vehicle running efficiently on flat route: Speed max in 6 seconds of continuous acceleration 5 km/h +/-10% Maximum load 250 kg on flat surface and 100 kg on slope of 15%.The maximum range is considered with the load distributed evenly on the floor.

Tires:

2 rubber wheels mounted on rims with 3.00-4 pneumatic covers 6 canvases.
 2 wheels diameter 200 x 50 core of polypropylene grey synthetic rubber ring mounted on rotating brackets.

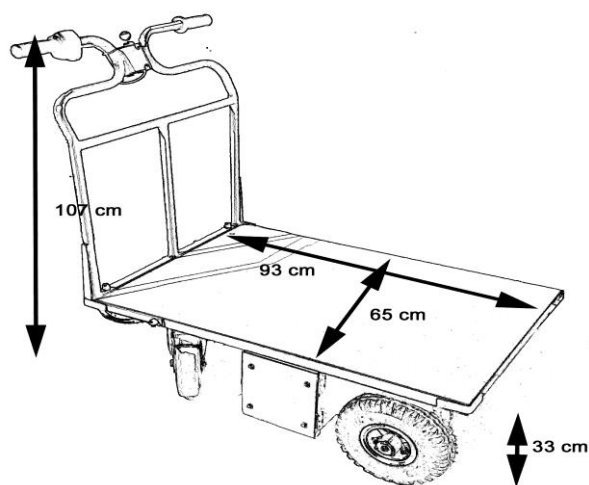

Structure:

Tubular and S235 sheet coated with polyester powder Ral 6018 for outdoor

Spare parts and tools for maintenance and repair: Spare parts and tools for maintenance and repair are provided on order by Bigà Italia spa.

Noise Values: below 70 dB (A)

Environment conditions: room temperature +5 +40 C humidity 50%
